HISTORY OF NEWBY TEA

For thousands of years, tea has enjoyed grandeur and glory, regarded as a delicacy to be honoured and savoured. During the 20th century trade became industrialised, and much of tea's rich culture was lost as quantity triumphed over quality. As such, Newby was founded in London at the turn of the millennium with a single mission, to reintroduce quality tea and revive the world's love for it.

By painstakingly sourcing, blending, preserving, and serving the world's finest teas, Newby guarantees that its products have integrity. Not only do they set the bar for tea's luxury standard, they speak volumes on the lost art of truly understanding and appreciating the well-loved drink.

Newby Teas is substantially owned by the N. Sethia Foundation, a registered charity with projects and programmes around the world, ensuring absolute integrity and peerless standards. Founded by Newby's Chairman, Mr N. Sethia, the foundation is focused on providing education, medical research, spiritual freedom and disaster relief where it is most needed; these projects are, in turn, supported and championed by Newby, making it an extraordinary tea company naturally committed to worthy causes.

All prices include VAT at the standard rate.

We add an optional 10% service charge to your bill of which 100% is paid to the hotel team.
